

## Nathaniel Conner "Nathan" Barron

September 1, 2000 - September 4, 2025

It is with deep sorrow and love that we announce the passing of Nathaniel Connor "Nathan" Barron, age 25, of Cullman, Alabama. Nathan passed away at his residence on Thursday, September 4, 2025.

Born in Tuscaloosa on September 1, 2000, Nathan was a proud graduate of Pelham High School. He served honorably in the United States Army Reserve and went on to work as a Security Guard at the University of Alabama, a place he held close to his heart as a devoted Alabama football fan—Roll Tide.

Nathan's gentle spirit and warm, outgoing personality made a lasting impact on everyone who met him. His presence could light up any room, and he was happiest when surrounded by friends, playing basketball or football, or watching his favorite movies.

Nathan was a beloved son, grandson, nephew, and friend. He will be deeply missed and forever remembered by those who loved him.

He is survived by his loving mother, Danielle Barron; aunt, April Barron; uncle and aunt, Brooks and Tamra Barron; grandmother, Margaret Barron; and a host of other cherished family and friends.

A memorial service to celebrate Nathan's life will be held at a later date.

BR

“ I grew up playing basketball and football with Nate. We were travel partners for away games. We would always share stories about our “mess ups” during the games while on long trips back home. We laughed together and have long lasting memories that I will always cherish. He was a great friend, great teammate, and an even better person! You will be missed my man! #77

KM

Nate grew up in my neighborhood. I he was one of the older kids that was nice to me as we got older. We kind of grew apart and we rekindled once I got in the college my birthdays are three days apart. I've been calling him for the past two years on his birthday so I wish him happy birthday and he hasn't answered. I'm just finding out about this heartbreaking news and I'm trying to get in touch with this mother so if anybody has her number, please send it my way.
